COCKTAIL MENU

Inspired by journey, Laruche Bar has been designed to take you to a place you've never been before. The elements of design, food and drink have been carefully selected to transcend your previous experience and challenge your definition of normality.

How you embark on your journey is your own choosing. This is a scene where you can choose your own adventure or be taken away; explore the many treasures or sit back and let the surrounds simply capture you; steal the limelight or just bathe in it.

This range of possibilities is what Laruche seeks to deliver each time you visit. Whether it is your drink or food, the bar, the seat or even the person standing next to you; we know you'll find your morsel of delight within our walls that will entice you back time and time again.
